24. *Mr. Nixon*—Notice of Motion—Notice is given that on Wednesday next an amendment will be moved to the Motion that Mr. Speaker do now leave the Chair and that the House resolve itself into Committee of Supply by the addition of the following words:

That the present government no longer has the confidence of the people of Ontario because of:

1. The refusal of an open public enquiry into the collapse of Prudential Finance Corporation and the unexplained resignation of members of the Niagara Parks Commission show it has a meagre understanding of the democratic principle that a government must report fully to the people;
2. Its inefficient management in failing to encourage regional development, in failing to combat pollution and in failing to support the farm economy and in failing to provide adequate housing reveals that this government reacts to crisis, instead of anticipating and meeting the future needs of the province with planned action.

6. *Mr. Olde*—Resolution—That the appropriate regulations should be amended to permit the sale of liquor from all normal outlets on any polling day in a provincial or municipal election, once the polls have been closed, and that this Government call upon the Federal Government for similar action in the case of Federal elections.
13. *Mr. Paterson*—Resolution—That the Province should arrange with Ottawa to amend the Income Tax Act to allow wives, working in seasonal agricultural and food processing plants, a \$500 annual tax exemption rather than the present \$250 allowed wives, so as to encourage these persons to work longer, thus alleviating the severe shortage of skilled help.
20. *Mr. Nixon*—Motion for Return—Letters of resignation from the six members of the Niagara Parks Commission.
26. *Mr. Dunlop*—Resolution—1. That this House approves the action of the Ministry in accepting four points of abatement of personal income tax and one point of abatement of corporate income tax as an appropriate initial transfer in settlement of the relative responsibilities of the Governments of Canada and Ontario in the field of education, other than research.
2. That, subject to the negotiation within two years of a tax-sharing arrangement producing an equitable balance of the growth fields of taxation consonant with the growing expenditure responsibilities of both levels of government, and the resultant burdens of deficit, this House recommends the Ministry should favourably consider: (a) assuming full financial responsibility without condition for the established shared-cost programmes, save where these programmes are judged essential to inter-governmental co-operation, to the Government of Canada in the management of the nation's economy, and subject to agreement as to the manner and extent of the transfer of related revenues; (b) adopting the position that initiation of new programmes of conditional grants or near-conditional grants in fields of provincial jurisdiction should be restricted to programmes requested or approved by a majority of provincial governments representing a majority of the people of Canada; and (c) continuing support for the principle that equalization should not be built into shared-cost programmes, save in exceptional circumstances, but should be concentrated in the basic revenue-equalization payment system.

That this House approves the action of the Ministry in accepting four points of abatement of personal income tax and one point of abatement of corporate income tax as an appropriate initial transfer in settlement of the relative responsibilities of the Governments of Canada and Ontario in the field of education, other than research.
2. That, subject to the negotiation within two years of a tax-sharing arrangement producing an equitable balance of the growth fields of taxation consonant with the growing expenditure responsibilities of both levels of government, and the resultant burdens of deficit, this House recommends the Ministry should favourably consider: (a) assuming full financial responsibility without condition for the established shared-cost programmes, save where these programmes are judged essential to inter-governmental co-operation, to the Government of Canada in the management of the nation's economy, and subject to agreement as to the manner and extent of the transfer of related revenues; (b) adopting the position that initiation of new programmes of conditional grants or near-conditional grants in fields of provincial jurisdiction should be restricted to programmes requested or approved by a majority of provincial governments representing a majority of the people of Canada; and (c) continuing support for the principle that equalization should not be built into shared-cost programmes, save in exceptional circumstances, but should be concentrated in the basic revenue-equalization payment system.

That this House approves the action of the Ministry in accepting four points of abatement of personal income tax and one point of abatement of corporate income tax as an appropriate initial transfer in settlement of the relative responsibilities of the Governments of Canada and Ontario in the field of education, other than research.
2. That, subject to the negotiation within two years of a tax-sharing arrangement producing an equitable balance of the growth fields of taxation consonant with the growing expenditure responsibilities of both levels of government, and the resultant burdens of deficit, this House recommends the Ministry should favourably consider: (a) assuming full financial responsibility without condition for the established shared-cost programmes, save where these programmes are judged essential to inter-governmental co-operation, to the Government of Canada in the management of the nation's economy, and subject to agreement as to the manner and extent of the transfer of related revenues; (b) adopting the position that initiation of new programmes of conditional grants or near-conditional grants in fields of provincial jurisdiction should be restricted to programmes requested or approved by a majority of provincial governments representing a majority of the people of Canada; and (c) continuing support for the principle that equalization should not be built into shared-cost programmes, save in exceptional circumstances, but should be concentrated in the basic revenue-equalization payment system.

13. *Mr. Paterson*—Resolution—That the Province should arrange with Ottawa to amend the Income Tax Act to allow wives, working in seasonal agricultural and food processing plants, a \$500 annual tax exemption rather than the present \$250 allowed wives, so as to encourage these persons to work longer, thus alleviating the severe shortage of skilled help.

2. That, subject to the negotiation within two years of a tax-sharing arrangement producing an equitable balance of the growth fields of taxation consonant with the growing expenditure responsibilities of both levels of government, and the resultant burdens of deficit, this House recommends the Ministry should favourably consider: (a) assuming full financial responsibility without condition for the established shared-cost programmes, save where these programmes are judged essential to inter-governmental co-operation, to the Government of Canada in the management of the nation's economy, and subject to agreement as to the manner and extent of the transfer of related revenues; (b) adopting the position that initiation of new programmes of conditional grants or near-conditional grants in fields of provincial jurisdiction should be restricted to programmes requested or approved by a majority of provincial governments representing a majority of the people of Canada; and (c) continuing support for the principle that equalization should not be built into shared-cost programmes, save in exceptional circumstances, but should be concentrated in the basic revenue-equalization payment system.

OTHER MOTIONS

6. *Mr. Olde*—Resolution—That the appropriate regulations should be amended to permit the sale of liquor from all normal outlets on any polling day in a provincial or municipal election, once the polls have been closed, and that this Government call upon the Federal Government for similar action in the case of Federal elections.
13. *Mr. Paterson*—Resolution—That the Province should arrange with Ottawa to amend the Income Tax Act to allow wives, working in seasonal agricultural and food processing plants, a \$500 annual tax exemption rather than the present \$250 allowed wives, so as to encourage these persons to work longer, thus alleviating the severe shortage of skilled help.
20. *Mr. Nixon*—Motion for Return—Letters of resignation from the six members of the Niagara Parks Commission.
26. *Mr. Dunlop*—Resolution—1. That this House approves the action of the Ministry in accepting four points of abatement of personal income tax and one point of abatement of corporate income tax as an appropriate initial transfer in settlement of the relative responsibilities of the Governments of Canada and Ontario in the field of education, other than research. 2. That, subject to the negotiation within two years of a tax-sharing arrangement producing an equitable balance of the growth fields of taxation consonant with the growing expenditure responsibilities of both levels of government, and the resultant burdens of deficit, this House recommends the Ministry should favourably consider: (a) assuming full financial responsibility without condition for the established shared-cost programmes, save where these programmes are judged essential to inter-governmental co-operation, to the Government of Canada in the management of the nation's economy, and subject to agreement as to the manner and extent of the transfer of related revenues; (b) adopting the position that initiation of new programmes of conditional grants or near-conditional grants in fields of provincial jurisdiction should be restricted to programmes requested or approved by a majority of provincial governments representing a majority of the people of Canada; and (c) continuing support for the principle that equalization should not be built into shared-cost programmes, save in exceptional circumstances, but should be concentrated in the basic revenue-equalization payment system.

III. NOTICES

OTHER MOTIONS

6. *Mr. Olde*—Resolution—That the appropriate regulations should be amended to permit the sale of liquor from all normal outlets on any polling day in a provincial or municipal election, once the polls have been closed, and that this Government call upon the Federal Government for similar action in the case of Federal elections.
13. *Mr. Paterson*—Resolution—That the Province should arrange with Ottawa to amend the Income Tax Act to allow wives, working in seasonal agricultural and food processing plants, a \$500 annual tax exemption rather than the present \$250 allowed wives, so as to encourage these persons to work longer, thus alleviating the severe shortage of skilled help.
20. *Mr. Nixon*—Motion for Return—Letters of resignation from the six members of the Niagara Parks Commission.
26. *Mr. Dunlop*—Resolution—1. That this House approves the action of the Ministry in accepting four points of abatement of personal income tax and one point of abatement of corporate income tax as an appropriate initial transfer in settlement of the relative responsibilities of the Governments of Canada and Ontario in the field of education, other than research. 2. That, subject to the negotiation within two years of a tax-sharing arrangement producing an equitable balance of the growth fields of taxation consonant with the growing expenditure responsibilities of both levels of government, and the resultant burdens of deficit, this House recommends the Ministry should favourably consider: (a) assuming full financial responsibility without condition for the established shared-cost programmes, save where these programmes are judged essential to inter-governmental co-operation, to the Government of Canada in the management of the nation's economy, and subject to agreement as to the manner and extent of the transfer of related revenues; (b) adopting the position that initiation of new programmes of conditional grants or near-conditional grants in fields of provincial jurisdiction should be restricted to programmes requested or approved by a majority of provincial governments representing a majority of the people of Canada; and (c) continuing support for the principle that equalization should not be built into shared-cost programmes, save in exceptional circumstances, but should be concentrated in the basic revenue-equalization payment system.

13. *Mr. Paterson*—Resolution—That the Province should arrange with Ottawa to amend the Income Tax Act to allow wives, working in seasonal agricultural and food processing plants, a \$500 annual tax exemption rather than the present \$250 allowed wives, so as to encourage these persons to work longer, thus alleviating the severe shortage of skilled help.

26. *Mr. Dunlop*—Resolution—1. That this House approves the action of the Ministry in accepting four points of abatement of personal income tax and one point of abatement of corporate income tax as an appropriate initial transfer in settlement of the relative responsibilities of the Governments of Canada and Ontario in the field of education, other than research. 2. That, subject to the negotiation within two years of a tax-sharing arrangement producing an equitable balance of the growth fields of taxation consonant with the growing expenditure responsibilities of both levels of government, and the resultant burdens of deficit, this House recommends the Ministry should favourably consider: (a) assuming full financial responsibility without condition for the established shared-cost programmes, save where these programmes are judged essential to inter-governmental co-operation, to the Government of Canada in the management of the nation's economy, and subject to agreement as to the manner and extent of the transfer of related revenues; (b) adopting the position that initiation of new programmes of conditional grants or near-conditional grants in fields of provincial jurisdiction should be restricted to programmes requested or approved by a majority of provincial governments representing a majority of the people of Canada; and (c) continuing support for the principle that equalization should not be built into shared-cost programmes, save in exceptional circumstances, but should be concentrated in the basic revenue-equalization payment system.

REPRINTED.

III. NOTICES

GOVERNMENT MOTIONS

2. *Mr. Davis*—Notice of Amendments to Bill Pr31—That subsection 1 of section 11 be amended by striking out clause *f* and by striking out clauses *g* and *h* and substituting the following:

(*f*) four persons elected by the members appointed or elected under clauses *b*, *c*, *d* and *e*; and

(*g*) such Vice-Presidents as are appointed to the Board by the members appointed under clauses *b*, *c*, *d*, *e* and *f*, which appointments may be terminated at any time.

That section 15 be amended by striking out the reference to “clause *g*” in the ninth line and substituting “clause *f*”.

That subsection 1 of section 24 be amended by striking out “and the accounts of other agencies and organizations to which the Board grants money” in the second and third lines.

OTHER MOTIONS

6. *Mr. Olde*—Resolution—That the appropriate regulations should be amended to permit the sale of liquor from all normal outlets on any polling day in a provincial or municipal election, once the polls have been closed, and that this Government call upon the Federal Government for similar action in the case of Federal elections.
13. *Mr. Paterson*—Resolution—That the Province should arrange with Ottawa to amend the Income Tax Act to allow wives, working in seasonal agricultural and food processing plants, a \$500 annual tax exemption rather than the present \$250 allowed wives, so as to encourage these persons to work longer, thus alleviating the severe shortage of skilled help.
20. *Mr. Nixon*—Motion for Return—Letters of resignation from the six members of the Niagara Parks Commission.
26. *Mr. Dunlop*—Resolution—1. That this House approves the action of the Ministry in accepting four points of abatement of personal income tax and one point of abatement of corporate income tax as an appropriate initial transfer in settlement of the relative responsibilities of the Governments of Canada and Ontario in the field of education, other than research. 2. That, subject to the negotiation within two years of a tax-sharing arrangement producing an equitable balance of the growth fields of taxation consonant with the growing expenditure responsibilities of both levels of government, and the resultant burdens of deficit, this House recommends the Ministry should favourably consider: (*a*) assuming full financial responsibility without condition for the established shared-cost programmes, save where these programmes are judged essential to inter-governmental co-operation, to the Government of Canada in the management of the nation's economy, and subject to agreement as to the manner and extent of the transfer of related revenues; (*b*) adopting the

position that initiation of new programmes of conditional grants or near-conditional grants in fields of provincial jurisdiction should be restricted to programmes requested or approved by a majority of provincial governments representing a majority of the people of Canada; and (c) continuing support for the principle that equalization should not be built into shared-cost programmes, save in exceptional circumstances, but should be concentrated in the basic revenue-equalization payment system.

27. *Mr. Renwick*—Notice of Intention to amend Private Bill Pr31—That section 11 of Bill Pr31 be amended by adding the words “of the student body” after the word “member” where it appears in clause *f* of subsection 1 of section 11, so that the said clause *f* shall read as follows:

“(f) one member of the student body elected by the student body in a manner to be determined by the University Students’ Council in consultation with the Society of Graduate Students.”

That section 19 of Bill Pr31 be deleted and the following substituted therefor:

- 19.—(1) A member of the Board who has, or knowingly intends to have, directly or indirectly, any material interest in, or has or will have any material benefit or consideration arising from, any contract or transaction to which the University is, or is to be, a party shall declare such interest, benefit or consideration in such contract or transaction at a meeting of the Board as provided in subsection 2 and shall at that time disclose full details of such interests, benefit or consideration, and shall refrain from discussion thereon at any meeting of the Board and shall not vote thereon nor influence any other member in respect of his voting thereon.
- (2) In the case of a proposed contract or transaction, the declaration required by subsection 1 shall be made at the meeting of the Board at which the question of entering into the contract or transaction is first considered or, if the member is not, at the date of such meeting, interested in the proposed contract or transaction, at the next meeting of the Board after the member becomes so interested, and, in a case where the member becomes so interested in a contract or transaction after it is entered into, the declaration shall be made at the first meeting of the Board after he becomes so interested.
- (3) If a member fails to make a declaration or to refrain from discussion or to abstain from voting as required by this section, the member shall account to the University in respect of any profit, gain or benefit derived by him from any such contract or transaction and shall cease, by that fact, to be a member of the Board.
